

Dear friends of Vital Signs Ministries,

I begin with my apologies for this month's letter being so late. It's been quite busy around here. However, I am confident not only of your patience and graciousness in forgiving me my tardiness, but also for writing a very brief LifeSharer letter this time around. This because we have much to do before leaving for our annual 2-week working vacation down in the Ozarks. So, let's get to it...

The month of September was exceptional in many ways. There were the usual ministry activities, of course, but we also managed to fit in such special things as celebrating Claire's birthday

(beginning on the 8th and continuing in little ways for a week or so); helping Bob & Linda Potter arrange the latest reunion of Christian Brotherhood alumni (Photo 2 shows Claire looking swell at that party); observances of the 25th anniversary of the 9/11 terrorist attacks; presenting the sermon and adult Sunday School class at Wellspring Church in Papillion; taking our annual Medicare Wellness physicals; taking the first "baby steps" in considering moving; and hosting a table for the annual Global Friends fundraising dinner. (that's Photo 3 showing Dan & Barb Serlet, Bob & Linda Potter, us, and Israel & Luqi Olasunkanmi.)

And then there was the "regular stuff." That included the prayerful pro-life witness at Planned

Parenthood (Photo 1 shows an unusually high number gathered last Saturday morning); the Sunday afternoon church services at Aksarben Village Senior Living (Photo 4 is of me preaching there); a fuller than normal "When Swing Was King" schedule (we did 12 shows in September -- 4 in Lincoln); a lot of correspondence; a lot of social media; writing for Vital Signs Blog; sermon prep; the Saturday Top 5 Plus; etc. But, again, I've got to get going in order to get out of town on time. So, until next month, okay? Blessings in Jesus! ---- **Denny (for Claire too)**
